

Online Safety Policy

Pikemere School

The Online Safety Policy in respect of Pikemere School has been discussed and adopted by the Governing Board.

Chair of Governing Board:

Mrs K Hulson

Head Teacher:

Mr A Hughes

Agreed and ratified by the Governing Board on: 25.4.2024

Policy Review Date:

Contents:

Statement of intent

1. Legal framework
2. Roles and responsibilities
3. The curriculum
4. Staff training
5. Educating parents
6. Classroom use
7. Filtering and monitoring online activity
8. Network security
9. Emails
10. Social networking
11. Online hoaxes and harmful online challenges
12. The school website
13. Use of school-owned devices
14. Use of personal devices
15. Managing reports of online safety incidents
16. Responding to specific online safety concerns
17. Monitoring and review

Appendices

[Appendix 1 – Online harms and risks – curriculum coverage](#)

Statement of intent

Pikemere School understands that using online services is an important aspect of raising educational standards, promoting pupil achievement and enhancing teaching and learning.

The use of online services is embedded throughout the school; therefore, there are a number of controls in place to ensure the safety of pupils and staff.

The breadth of issues classified within online safety is considerable, but they can be categorised into three areas of risk:

- **Content:** Being exposed to illegal, inappropriate or harmful material, e.g. pornography, fake news, and racist or radical and extremist views.
- **Contact:** Being subjected to harmful online interaction with other users, e.g. commercial advertising and adults posing as children or young adults.
- **Conduct:** Personal online behaviour that increases the likelihood of, or causes, harm, e.g. sending and receiving explicit messages, and cyberbullying.

The measures implemented to protect pupils and staff revolve around these areas of risk. Our school has created this policy with the aim of ensuring appropriate and safe use of the internet and other digital technology devices by all pupils and staff.

1. Legal framework

1.1. This policy has due regard to all relevant legislation and guidance including, but not limited to, the following:

- Voyeurism (Offences) Act 2019
- The UK General Data Protection Regulation (UK GDPR)
- Data Protection Act 2018
- DfE (2021) 'Harmful online challenges and online hoaxes'
- DfE (2023) 'Keeping children safe in education 2023'
- Department for Digital, Culture, Media and Sport and UK Council for Internet Safety (Updated March 2024) 'Sharing nudes and semi-nudes: advice for education settings working with children and young people'
- DfE (Updated 2023) 'Teaching online safety in school'
- DfE (Updated 2022) 'Searching, screening and confiscation'
- National Cyber Security Centre (Reviewed 2020) 'Cyber Security: Small Business Guide'

1.2. This policy operates in conjunction with the following school policies:

- Cyberbullying Policy
- Social Media Policy
- Allegations of Abuse Against Staff Policy
- Acceptable Use Agreement
- Child Protection and Safeguarding Policy
- Bullying Prevention Policy
- Staff Code of Conduct
- Behavioural Policy
- Disciplinary Policy and Procedures
- Data Protection Policy
- Confidentiality Policy

2. Roles and responsibilities

2.1. The Governing Board is responsible for:

- Ensuring that this policy is effective and complies with relevant laws and statutory guidance.

- Ensuring the DSL and DDSL's remit covers online safety.
- Reviewing this policy on a three-yearly basis.
- Ensuring their own knowledge of online safety issues is up-to-date.
- Ensuring all staff undergo safeguarding and child protection training (including online safety) at induction.
- Ensuring that there are appropriate filtering and monitoring systems in place.
- Ensuring that all relevant school policies have an effective approach to planning for, and responding to, online challenges and hoaxes embedded within them.

2.2. The Headteacher is responsible for:

- Supporting the DDSLs by ensuring they have enough time and resources to carry out their responsibilities in relation to online safety.
- Ensuring staff receive regular, up-to-date and appropriate online safety training and information as part of their induction and safeguarding training.
- Ensuring online safety practices are audited and evaluated.
- Supporting staff to ensure that online safety is embedded throughout the curriculum so that all pupils can develop an appropriate understanding of online safety.
- Organising engagement with parents to keep them up-to-date with current online safety issues and how the school is keeping pupils safe.
- Working with the DDSLs and ICT technicians to conduct regular light-touch reviews of this policy.

2.3. The DSL is responsible for:

- Working with the DDSLs to take responsibility for online safety in the school.
- Acting as the named point of contact within the school on all online safeguarding issues.
- Undertaking training so they understand the risks associated with online safety and can recognise additional risks that pupils with SEND face online.
- Liaising with relevant members of staff on online safety matters, e.g. the SENDCO and ICT technicians.
- Ensuring online safety is recognised as part of the school's safeguarding responsibilities and that a coordinated approach is implemented.
- Ensuring appropriate referrals are made to external agencies, as required.
- Staying up-to-date with current research, legislation and online trends.

- Coordinating the school's participation in local and national online safety events, e.g. Safer Internet Day.
- Establishing a procedure for reporting online safety incidents and inappropriate internet use, both by pupils and staff.
- Ensuring all members of the school community understand the reporting procedure.
- Maintaining records of reported online safety concerns as well as the actions taken in response to concerns.
- Monitoring online safety incidents to identify trends and any gaps in the school's provision, and using this data to update the school's procedures.
- Reporting to the Governing Board about online safety on a regular basis.
- Working with the DDSL and ICT technicians to conduct regular light-touch reviews of this policy.

2.4. ICT technicians are responsible for:

- Providing technical support in the development and implementation of the school's online safety policies and procedures.
- Implementing appropriate security measures as directed by the Headteacher.
- Ensuring that the school's filtering and monitoring systems are updated as appropriate.
- Working with the DSL and the DDSLs to conduct regular light-touch reviews of this policy.

2.5. All staff members are responsible for:

- Taking responsibility for the security of ICT systems and electronic data they use or have access to.
- Modelling good online behaviours.
- Maintaining a professional level of conduct in their personal use of technology.
- Having an awareness of online safety issues.
- Reporting concerns in line with the school's reporting procedure.
- Where relevant to their role, ensuring online safety is embedded in their teaching of the curriculum.

2.6. Pupils are responsible for:

- Adhering to this policy, the Acceptable Use Agreement and other relevant policies.

- Seeking help from school staff if they are concerned about something they or a peer has experienced online.
- Reporting online safety incidents and concerns in line with the procedures within this policy.

3. The curriculum

- 3.1. Online safety is embedded throughout the curriculum; however, it is particularly addressed in the following subjects:
 - RHE
 - PSHE
 - Citizenship
 - Computing
 - English
- 3.2. The curriculum and the school's approach to online safety is developed in line with the UK Council for Child Internet Safety's 'Education for a Connected World' framework and the DfE's 'Teaching online safety in school' guidance.
- 3.3. Pupils are taught the underpinning knowledge and behaviours that can help them to navigate the online world safely and confidently regardless of the device, platform or app they are using.
- 3.4. Online safety teaching is always appropriate to pupils' ages and developmental stages.
- 3.5. The underpinning knowledge and behaviours pupils learn through the curriculum include the following:
 - How to evaluate what they see online
 - How to recognise techniques used for persuasion
 - Acceptable and unacceptable online behaviour
 - How to identify online risks
 - How and when to seek support
 - How to identify when something is deliberately deceitful or harmful
 - How to recognise when something they are being asked to do puts them at risk or is age-inappropriate
- 3.6. The online risks pupils may face online are always considered when developing the curriculum. The risks that are considered and how they are covered in the curriculum can be found in [Appendix 1](#) of this policy.

- 3.7. The DSL and DDSLs are involved with the development of the school's online safety curriculum.
- 3.8. The school recognises that, while any pupil can be vulnerable online, there are some pupils who may be more susceptible to online harm or have less support from family and friends in staying safe online, e.g. pupils with SEND and LAC. Relevant members of staff, e.g. the SENDCO and designated teacher for LAC, work together to ensure the curriculum is tailored so these pupils receive the information and support they need.
- 3.9. Class teachers review external resources prior to using them for the online safety curriculum, to ensure they are appropriate for the cohort of pupils. When reviewing these resources, the following questions are asked:
- Where does this organisation get their information from?
 - What is their evidence base?
 - Have they been externally quality assured?
 - What is their background?
 - Are they age appropriate for pupils?
 - Are they appropriate for pupils' developmental stage?
- 3.10. External visitors may be invited into school to help with the delivery of certain aspects of the online safety curriculum. The Headteacher (DSL) and DDSLs decide when it is appropriate to invite external groups into school and ensure the visitors selected are appropriate.
- 3.11. Before conducting a lesson or activity on online safety, the class teacher, DSL, and DDSLs consider the topic that is being covered and the potential that pupils in the class have suffered or may be suffering from online abuse or harm in this way. The DSL and DDSLs advise the staff member on how to best support any pupil who may be especially impacted by a lesson or activity.
- 3.12. Lessons and activities are planned carefully so they do not draw attention to a pupil who is being or has been abused or harmed online, to avoid publicising the abuse.
- 3.13. During an online safety lesson or activity, the class teacher ensures a safe environment is maintained in which pupils feel comfortable to say what they feel and are not worried about getting into trouble or being judged.
- 3.14. If a staff member is concerned about anything pupils raise during online safety lessons and activities, they will report to the DSL and record this on CPOMS. If a pupil makes a disclosure to a member of staff regarding online abuse following a lesson or activity, the staff member will follow the reporting procedure outlined in sections 15 and 16 of this policy.

4. Staff training

- 4.1. All staff receive safeguarding and child protection training, which includes online safety training, during their induction.
- 4.2. Online safety training for staff is updated annually and is delivered in line with advice from local safeguarding partners.
- 4.3. In addition to this training, staff also receive regular online safety updates as required and at least annually.
- 4.4. The DSL and any DDSLs undergo training to provide them with the knowledge and skills they need to carry out their role, this includes online safety training. This training is updated at least every two years.
- 4.5. In addition to this formal training, the DSL and any DDSLs receive regular online safety updates to allow them to keep up with any developments relevant to their role. In relation to online safety, these updates allow the DSL and their DDSLs to:
 - Understand the unique risks associated with online safety and be confident that they have the relevant knowledge and capability required to keep pupils safe while they are online at school.
 - Recognise the additional risks that pupils with SEND face online and offer them support to stay safe online.
- 4.6. All staff receive a copy of this policy upon their induction and are informed of any changes to the policy.
- 4.7. Staff are required to adhere to the Staff Code of Conduct at all times, which includes provisions for the acceptable use of technologies and the use of social media.
- 4.8. All staff are informed about how to report online safety concerns.
- 4.9. The DSL and DDSLs act as the first point of contact for staff requiring advice about online safety.

5. Educating parents

- 5.1. The school works in partnership with parents to ensure pupils stay safe online at school and at home.
- 5.2. Parents are provided with information about the school's approach to online safety and their role in protecting their children. Parental awareness is raised in the following ways:
 - Parents' evenings
 - Twilight training sessions

- Newsletters
- School website
- Email notifications
- Messages from their children

5.3 Parents will be informed of the ways in which they can prevent their child from accessing harmful content at home, e.g. by implementing parental controls to block age-inappropriate content.

6. Classroom use

- 6.1. A wide range of technology is used during lessons, including the following:
- Computers
 - Laptops
 - Tablets
 - Intranet
 - Video / live streaming / Microsoft teams
- 6.2. Prior to using any websites, tools, apps or other online platforms in the classroom, or recommending that pupils use these platforms at home, the class teacher always reviews and evaluates the resource.
- 6.3. Class teachers ensure that any internet-derived materials are used in line with copyright law.
- 6.4. Pupils are supervised when using online materials during lesson time – this supervision is suitable to their age and ability.

7. Filtering and monitoring online activity

- 7.1. The Governing Board ensures the school's ICT network has appropriate filters and monitoring systems in place.
- 7.2. The Headteacher and ICT technicians undertake a risk assessment to determine what filtering and monitoring systems are required.
- 7.3. The filtering and monitoring systems the school implements are appropriate to pupils' ages, the number of pupils using the network, how often pupils access the network, and the proportionality of costs compared to the risks.

- 7.4. The Governing Board ensures 'over blocking' does not lead to unreasonable restrictions as to what pupils can be taught with regards to online teaching and safeguarding.
- 7.5. ICT technicians undertake regular checks on the filtering and monitoring systems to ensure they are effective and appropriate.
- 7.6. Requests regarding making changes to the filtering system are directed to the Headteacher.
- 7.7. Any changes made to the system are recorded by ICT technicians.
- 7.8. Reports of inappropriate websites or materials are made to an ICT technician immediately, who investigates the matter and makes any necessary changes.
- 7.9. Deliberate breaches of the filtering system are reported to the DSL, DDSLs and ICT technicians, who will escalate the matter appropriately.
- 7.10. If a pupil has deliberately breached the filtering system, they will be disciplined in line with the Positive Relationships and Behavioural Policy.
- 7.11. If a member of staff has deliberately breached the filtering system, they will be disciplined in line with the Disciplinary Policy and Procedure.
- 7.12. If material that is believed to be illegal is accessed, inadvertently or deliberately, this material will be reported to the appropriate agency immediately, e.g. the Internet Watch Foundation (IWF), CEOP and/or the police.
- 7.13. The school's network and school-owned devices are appropriately monitored.
- 7.14. All users of the network and school-owned devices are informed about how and why they are monitored.
- 7.15. Concerns identified through monitoring are reported to the DSL or DDSLs.

8. Network security

- 8.1. Technical security features, such as anti-virus software, are kept up-to-date and managed by ICT technicians.
- 8.2. Firewalls are switched on at all times.
- 8.3. ICT technicians review the firewalls regularly to ensure they are running correctly, and to carry out any required updates.
- 8.4. Staff and pupils are advised not to download unapproved software or open unfamiliar email attachments.

- 8.5. Staff members and pupils report all malware and virus attacks to ICT technicians.
- 8.6. All members of staff have their own unique usernames and private passwords to access the school's systems.
- 8.7. Staff members and pupils are responsible for keeping their passwords private.
- 8.8. Staff passwords have a minimum and maximum length and require a mixture of letters, numbers and symbols to ensure they are as secure as possible.
- 8.9. Users are not permitted to share their login details with others and are not allowed to log in as another user at any time.
- 8.10. Users are required to lock access to devices and systems when they are not in use.
- 8.11. Users inform ICT technicians if they forget their login details, who will arrange for the user to access the systems under different login details.
- 8.12. If a user is found to be sharing their login details or otherwise mistreating the password system, the Headteacher is informed and decides the necessary action to take.

9. Emails

- 9.1. Access to and the use of emails is managed in line with the Data Protection Policy, Acceptable Use Agreement and Confidentiality Policy.
- 9.2. Staff are given approved school email accounts and are only able to use these accounts at school and when doing school-related work outside of school hours.
- 9.3. Prior to being authorised to use the email system, staff must agree to and sign the relevant acceptable use agreement.
- 9.4. Personal email accounts are not permitted to be used on the school site.
- 9.5. Any email that contains sensitive or personal information is only sent using secure and encrypted email.
- 9.6. Staff members are required to block spam and junk mail, and report the matter to ICT technicians.
- 9.7. The school's monitoring system can detect inappropriate links, malware and profanity within emails – staff and pupils are made aware of this.
- 9.8. Chain letters, spam and all other emails from unknown sources are deleted without being opened.

10. Social networking

Personal use

- 10.1. Access to social networking sites is filtered as appropriate.
- 10.2. Staff and pupils are not permitted to use social media for personal use during lesson time.
- 10.3. Staff can use personal devices to access social media during break and lunchtimes. This should not be done on school devices, using the school internet or in the presence or hearing of pupils.
- 10.4. Staff members are advised that their conduct on social media can have an impact on their role and reputation within the school.
- 10.5. Staff receive training during induction on how to use social media safely and responsibly.
- 10.6. Staff are not permitted to communicate with pupils over social networking sites and are reminded to alter their privacy settings to ensure pupils are not able to contact them on social media.
- 10.7. Pupils are taught how to use social media safely and responsibly through the online safety curriculum.
- 10.8. Concerns regarding the online conduct of any member of the school community on social media are reported to the DSL or DDSs and managed in accordance with the relevant policy, e.g. Bullying Prevention Policy, Staff Code of Conduct and Behavioural Policy.

Use on behalf of the school

- 10.9. The use of social media on behalf of the school is conducted in line with the Social Media Policy.
- 10.10. The school's official social media channels are only used for official educational or engagement purposes.
- 10.11. Staff members must be authorised by the Headteacher to access to the school's social media accounts.
- 10.12. All communication on official social media channels by staff on behalf of the school is clear, transparent and open to scrutiny.
- 10.13. The Staff Code of Conduct contains information on the acceptable use of social media – staff members are required to follow these expectations at all times.

11. Online hoaxes and harmful online challenges

- 11.1. For the purposes of this policy, an **“online hoax”** is defined as a deliberate lie designed to seem truthful, normally one that is intended to scaremonger or to distress individuals who come across it, spread on online social media platforms.
- 11.2. For the purposes of this policy, **“harmful online challenges”** refers to challenges that are targeted at young people and generally involve users recording themselves participating in an online challenge, distributing the video through social media channels and daring others to do the same. Although many online challenges are harmless, an online challenge becomes harmful when it could potentially put the participant at risk of harm, either directly as a result of partaking in the challenge itself or indirectly as a result of the distribution of the video online – the latter will usually depend on the age of the pupil and the way in which they are depicted in the video.
- 11.3. The DSL and DDSLs ensure that pupils are taught about how to critically identify when online content is untrue or harmful and how to respond to this content, in line with section 3 of this policy.
- 11.4. The DSL and DDSLs will work with the SENDCO to assess whether some pupils, e.g. pupils who have been identified as being vulnerable or pupils with SEND, need additional help with identifying harmful online challenges and hoaxes, and tailor support accordingly.
- 11.5. The school will ensure all pupils are aware of who to report concerns to surrounding potentially harmful online challenges or hoaxes, e.g. by displaying posters.
- 11.6. Where staff suspect there may be a harmful online challenge or online hoax circulating amongst pupils in the school, they will report this to the DSL or DDSLs immediately.
- 11.7. The DSL or DDSLs will conduct a case-by-case assessment for any harmful online content brought to their attention, establishing the scale and nature of the possible risk to pupils, and whether the risk is one that is localised to the school or the local area, or whether it extends more widely across the country.
- 11.8. Where the harmful content is prevalent mainly in the local area, the DSL will consult with the LA about whether quick local action can prevent the hoax or challenge from spreading more widely.
- 11.9. The DSL or DDSLs will check the factual basis of harmful online challenges or hoaxes against a known, reliable and trustworthy source, e.g. the UK Safer Internet Centre, and will carefully consider if a challenge or story is a hoax or is harmful prior to providing any direct warnings to pupils or parents.
- 11.10. The school understands that discussing or naming a specific online hoax can, in some cases, needlessly increase pupils’ exposure to distressing content, and will avoid showing pupils distressing content where doing so is not considered absolutely necessary for preventing its spread or easing fears amongst the school community.

- 11.11. Where the DSL's assessment finds an online challenge to be putting pupils at risk of harm, e.g. it encourages children to participate in age-inappropriate activities that could increase safeguarding risks or become a child protection concern, they will ensure that the challenge is directly addressed to the relevant pupils, e.g. those within a particular age range that is directly affected or even to individual children at risk where appropriate.
- 11.12. The DSL and DDSs will only implement a school-wide approach to highlighting potential harms of a hoax or challenge when the risk of needlessly increasing pupils' exposure to the risk is considered and mitigated as far as possible.
- 11.13. Prior to deciding how to respond to a harmful online challenge or hoax, the DSL will decide whether each proposed response is:
- Factual and avoids needlessly scaring or distressing pupils.
 - Not inadvertently encouraging pupils to view the hoax or challenge where they would not have otherwise come across it, e.g. where content is explained to younger pupils that is almost exclusively being shared amongst older pupils.
 - Proportional to the actual or perceived risk.
 - Helpful to the pupils who are, or are perceived to be, at risk.
 - Age-appropriate and appropriate for the relevant pupils' developmental stage.
 - Supportive.

12. The school website

- 12.1. The Headteacher is responsible for the overall content of the school website – they will ensure the content is appropriate, accurate, up-to-date and meets government requirements.
- 12.2. The website complies with guidelines for publications including accessibility, data protection, respect for intellectual property rights, privacy policies and copyright law.
- 12.3. Personal information relating to staff and pupils is not published on the website.
- 12.4. Images and videos are only posted on the website if permission has been given by the parent.

13. Use of school-owned devices

- 13.1. Pupils are provided with school-owned devices as necessary to assist in the delivery of the curriculum, e.g. tablets/laptops to use during lessons.
- 13.2. Staff and pupils are not permitted to connect school-owned devices to public Wi-Fi networks.

- 13.3. All school-owned devices on loan to staff are password protected.
- 13.4. All mobile school-owned devices are fitted with tracking software to ensure they can be retrieved if lost or stolen.
- 13.5. All school-owned devices are fitted with software to ensure they can be remotely accessed, in case data on the device needs to be protected, retrieved or erased.
- 13.6. ICT technicians review all school-owned devices regularly to carry out software updates and ensure there is no inappropriate material on the devices.
- 13.7. No software, apps or other programmes can be downloaded onto a device without authorisation from ICT technicians.
- 13.8. Staff members or pupils found to be misusing school-owned devices are disciplined in line with the Disciplinary Policy and Procedure and Behavioural Policy.

14. Use of personal devices

- 14.1. Personal devices are used in accordance with the Staff Code of Conduct.
- 14.2. Any personal electronic device that is brought into school is the responsibility of the user.
- 14.3. Personal devices are not permitted to be used in the toilets.
- 14.4. Staff members are not permitted to use their personal devices during lesson time, other than in an emergency.
- 14.5. Staff members are not permitted to use their personal devices to take photos or videos of pupils.
- 14.6. Staff members report concerns about their colleagues' use of personal devices on the school premises in line with the Allegations of Abuse Against Staff Policy.
- 14.7. If a member of staff is thought to have illegal content saved or stored on a personal device, or to have committed an offence using a personal device, the Headteacher will inform the police and action will be taken in line with the Allegations of Abuse Against Staff Policy.
- 14.8. Pupils are not permitted to use their personal devices during the school day and hand them into the class teacher on arrival in class, who stores them in the school office until the end of the day.
- 14.9. If a pupil needs to contact their parents during the school day, they are permitted to use the phone in the school office.

- 14.10. The Headteacher may authorise the use of mobile devices by a pupil for safety or precautionary use.
- 14.11. If a staff member reasonably believes a pupil's personal device has been used to commit an offence or may provide evidence relating to an offence, the device will be handed to the police.
- 14.12. Appropriate signage is displayed to inform visitors to the school of the expected use of personal devices.
- 14.13. Any concerns about visitors' use of personal devices on the school premises are reported to the DSL or DDSLs.

15. Managing reports of online safety incidents

- 15.1. Staff members and pupils are informed about what constitutes inappropriate online behaviour in the following ways:
- Staff training
 - The online safety curriculum
 - Assemblies
- 15.2. Concerns regarding a staff member's online behaviour are reported to the Headteacher who decides on the best course of action in line with the relevant policies, e.g. Staff Code of Conduct, Allegations of Abuse Against Staff Policy and Disciplinary Policy and Procedures.
- 15.3. Concerns regarding a pupil's online behaviour are reported to the DSL or DDSLs, who investigate concerns with relevant staff members, e.g. the Headteacher and ICT technicians.
- 15.4. Concerns regarding a pupil's online behaviour are dealt with in accordance with relevant policies depending on their nature, e.g. Behavioural Policy and Child Protection and Safeguarding Policy.
- 15.5. Where there is a concern that illegal activity has taken place, the Headteacher contacts the police.
- 15.6. All online safety incidents and the school's response are recorded by the DSL or DDSLs.

16. Responding to specific online safety concerns

Cyberbullying

- 16.1. Cyberbullying, against both pupils and staff, is not tolerated.

- 16.2. Any incidents of cyberbullying are dealt with quickly and effectively whenever they occur.
- 16.3. Information about the school's full response to incidents of cyberbullying can be found in the Bullying Prevention policy.

Online sexual violence and sexual harassment between children (child-on-child abuse)

- 16.4. The school recognises that child-on-child abuse can take place online. Examples include the following:
- Non-consensual sharing of sexual images and videos
 - Sexualised cyberbullying
 - Online coercion and threats
 - Unwanted sexual comments and messages on social media
 - Online sexual exploitation
- 16.5. The school responds to all concerns regarding online peer-on-peer abuse, whether or not the incident took place on the school premises or using school-owned equipment.
- 16.6. Concerns regarding online peer-on-peer abuse are reported to the DSL or DDSs who will investigate the matter in line with the Child Protection and Safeguarding Policy.
- 16.7. Information about the school's full response to incidents of online peer-on-peer abuse can be found in the Child Protection and Safeguarding Policy.

Upskirting

- 16.8. Under the Voyeurism (Offences) Act 2019, it is an offence to operate equipment and to record an image beneath a person's clothing without consent and with the intention of observing, or enabling another person to observe, the victim's genitals or buttocks (whether exposed or covered with underwear), in circumstances where their genitals, buttocks or underwear would not otherwise be visible, for a specified purpose.
- 16.9. A "specified purpose" is namely:
- Obtaining sexual gratification (either for themselves or for the person they are enabling to view the victim's genitals, buttocks or underwear).
 - To humiliate, distress or alarm the victim.
- 16.10. "Operating equipment" includes enabling, or securing, activation by another person without that person's knowledge, e.g. a motion activated camera.
- 16.11. Upskirting is not tolerated by the school.

16.12. Incidents of upskirting are reported to the DSL or DDSLs who will then decide on the next steps to take, which may include police involvement, in line with the Child Protection and Safeguarding Policy.

Youth produced sexual imagery (sexting)

16.13. Youth produced sexual imagery is the sending or posting of sexually suggestive images of under-18s via mobile phones or over the internet. Creating and sharing sexual photos and videos of individuals under 18 is illegal.

16.14. All concerns regarding sexting are reported to the DSL or DDSLs.

16.15. Following a report of sexting, the following process is followed as recommended in the UK Council for Child Internet Safety's (UKCCIS) 'Sexting in schools and colleges: Responding to incidents and safeguarding young people's guidance.

- The DSL or DDSLs hold an initial review meeting with appropriate school staff
- Subsequent interviews are held with the pupils involved, if appropriate
- Parents are informed at an early stage and involved in the process unless there is a good reason to believe that involving the parents would put the pupil at risk of harm
- At any point in the process if there is a concern a pupil has been harmed or is at risk of harm, a referral will be made to children's social care services and/or the police immediately
- The interviews with staff, pupils and their parents are used to inform the action to be taken and the support to be implemented

16.16. When investigating a report, staff members do not view the youth produced sexual imagery unless there is a good and clear reason to do so.

16.17. If a staff member believes there is a good reason to view youth produced sexual imagery as part of an investigation, they discuss this with the DSL or DDSLs first.

16.18. The decision to view imagery is based on the professional judgement of the DSL or DDSLs and always complies with the Child Protection and Safeguarding Policy.

16.19. Any accidental or intentional viewing of youth produced sexual imagery that is undertaken as part of an investigation is recorded.

16.20. If it is necessary to view the imagery, it will not be copied, printed or shared.

Online abuse and exploitation

- 16.21. Through the online safety curriculum, pupils are taught about how to recognise online abuse and where they can go for support if they experience it.
- 16.22. The school responds to concerns regarding online abuse and exploitation, whether or not it took place on the school premises or using school-owned equipment.
- 16.23. All concerns relating to online abuse and exploitation, including child sexual abuse and exploitation and criminal exploitation, are reported to the DSL or DDSLs and dealt with in line with the Child Protection and Safeguarding Policy.

Online hate

- 16.24. The school does not tolerate online hate content directed towards or posted by members of the school community.
- 16.25. Incidents of online hate are dealt with in line with the relevant school policy depending on the nature of the incident and those involved, e.g. Staff Code of Conduct, Bullying Prevention Policy and Staff Code of Conduct.

Online radicalisation and extremism

- 16.26. The school's filtering system protects pupils and staff from viewing extremist content.
- 16.27. Concerns regarding a staff member or pupil being radicalised online are dealt with in line with the Child Protection and Safeguarding Policy and Prevent Duty Policy.

17. Monitoring and review

- 17.1. The school recognises that the online world is constantly changing; therefore, the DSL and DDSLs, ICT technicians conduct regular light-touch reviews of this policy to evaluate its effectiveness.
- 17.2. The Governing Board, DSL and DDSLs review this policy in full on a 3 yearly basis and following any online safety incidents.
- 17.3. The next scheduled review date for this policy is Summer 2027.
- 17.4. Any changes made to this policy are communicated to all members of the school community.

Appendix 1: Online harms and risks – curriculum coverage

Subject area	Description and teaching content	Curriculum area the harm or risk is covered in
How to navigate the internet and manage information		
Age restrictions	<p>Some online activities have age restrictions because they include content which is not appropriate for children under a specific age.</p> <p>Teaching includes the following:</p> <ul style="list-style-type: none"> • That age verification exists and why some online platforms ask users to verify their age • Why age restrictions exist • That content that requires age verification can be damaging to under-age consumers • What the age of digital consent is (13 for most platforms) and why it is important 	<p>This risk or harm is covered in the following curriculum area(s):</p> <ul style="list-style-type: none"> • Health education • Computing curriculum
How content can be used and shared	<p>Knowing what happens to information, comments or images that are put online.</p> <p>Teaching includes the following:</p> <ul style="list-style-type: none"> • What a digital footprint is, how it develops and how it can affect pupils' futures • How cookies work • How content can be shared, tagged and traced • How difficult it is to remove something once it has been shared online • What is illegal online, e.g. youth-produced sexual imagery (sexting) 	<p>This risk or harm is covered in the following curriculum area(s):</p> <ul style="list-style-type: none"> • Relationships education • Health education • Computing curriculum
Disinformation, misinformation and hoaxes	<p>Some information shared online is accidentally or intentionally wrong, misleading or exaggerated.</p> <p>Teaching includes the following:</p> <ul style="list-style-type: none"> • Disinformation and why individuals or groups choose to share false information in order to deliberately deceive 	<p>This risk or harm is covered in the following curriculum area(s):</p> <ul style="list-style-type: none"> • Relationships education • Health education

	<ul style="list-style-type: none"> • Misinformation and being aware that false and misleading information can be shared inadvertently • Online hoaxes, which can be deliberately and inadvertently spread for a variety of reasons • That the widespread nature of this sort of content can often appear to be a stamp of authenticity, making it important to evaluate what is seen online • How to measure and check authenticity online • The potential consequences of sharing information that may not be true 	<ul style="list-style-type: none"> • KS2 Computing curriculum
Fake websites and scam emails	<p>Fake websites and scam emails are used to extort data, money, images and other things that can either be used by the scammer to harm the person targeted or sold on for financial, or other, gain.</p> <p>Teaching includes the following:</p> <ul style="list-style-type: none"> • How to recognise fake URLs and websites • What secure markings on websites are and how to assess the sources of emails • The risks of entering information to a website which is not secure • What pupils should do if they are harmed/targeted/groomed as a result of interacting with a fake website or scam email • Who pupils should go to for support 	<p>This risk or harm is covered in the following curriculum area(s):</p> <ul style="list-style-type: none"> • Relationships education • Health education • Computing curriculum
Online fraud	<p>Fraud can take place online and can have serious consequences for individuals and organisations.</p> <p>Teaching includes the following:</p> <ul style="list-style-type: none"> • What identity fraud, scams and phishing are • That children are sometimes targeted to access adults' data • What 'good' companies will and will not do when it comes to personal details 	<p>This risk or harm is covered in the following curriculum area(s):</p> <ul style="list-style-type: none"> • Relationships education • Computing curriculum
Password phishing	<p>Password phishing is the process by which people try to find out individuals' passwords so they can access protected content.</p>	<p>This risk or harm is covered in the</p>

	<p>Teaching includes the following:</p> <ul style="list-style-type: none"> • Why passwords are important, how to keep them safe and that others might try to get people to reveal them • How to recognise phishing scams • The importance of online security to protect against viruses that are designed to gain access to password information • What to do when a password is compromised or thought to be compromised 	<p>following curriculum area(s):</p> <ul style="list-style-type: none"> • Relationships education • Computing curriculum
Personal data	<p>Online platforms and search engines gather personal data – this is often referred to as ‘harvesting’ or ‘farming’.</p> <p>Teaching includes the following:</p> <ul style="list-style-type: none"> • How cookies work • How data is farmed from sources which look neutral • How and why personal data is shared by online companies • How pupils can protect themselves and that acting quickly is essential when something happens • The rights children have with regards to their data • How to limit the data companies can gather 	<p>This risk or harm is covered in the following curriculum area(s):</p> <ul style="list-style-type: none"> • Relationships education • Computing curriculum
Persuasive design	<p>Many devices, apps and games are designed to keep users online for longer than they might have planned or desired.</p> <p>Teaching includes the following:</p> <ul style="list-style-type: none"> • That the majority of games and platforms are designed to make money – their primary driver is to encourage people to stay online for as long as possible • How notifications are used to pull users back online 	<p>This risk or harm is covered in the following curriculum area(s):</p> <ul style="list-style-type: none"> • Health education • Computing curriculum

Privacy settings	<p>Almost all devices, websites, apps and other online services come with privacy settings that can be used to control what is shared.</p> <p>Teaching includes the following:</p> <ul style="list-style-type: none"> • How to find information about privacy settings on various devices and platforms • That privacy settings have limitations 	<p>This risk or harm is covered in the following curriculum area(s):</p> <ul style="list-style-type: none"> • Relationships education • Computing curriculum
Targeting of online content	<p>Much of the information seen online is a result of some form of targeting.</p> <p>Teaching includes the following:</p> <ul style="list-style-type: none"> • How adverts seen at the top of online searches and social media have often come from companies paying to be on there and different people will see different adverts • How the targeting is done • The concept of clickbait and how companies can use it to draw people to their sites and services 	<p>This risk or harm is covered in the following curriculum area(s):</p> <ul style="list-style-type: none"> • Health education • Computing curriculum
How to stay safe online		
Online abuse	<p>Some online behaviours are abusive. They are negative in nature, potentially harmful and, in some cases, can be illegal.</p> <p>Teaching includes the following:</p> <ul style="list-style-type: none"> • The types of online abuse, including sexual harassment, bullying, trolling and intimidation • When online abuse can become illegal • How to respond to online abuse and how to access support • How to respond when the abuse is anonymous • The potential implications of online abuse • What acceptable and unacceptable online behaviours look like 	<p>This risk or harm is covered in the following curriculum area(s):</p> <ul style="list-style-type: none"> • Relationships education • Health education • Computing curriculum
Challenges	<p>Online challenges acquire mass followings and encourage others to take part in what they suggest.</p>	<p>This risk or harm is covered in the</p>

	<p>Teaching includes the following:</p> <ul style="list-style-type: none"> • What an online challenge is and that, while some will be fun and harmless, others may be dangerous and even illegal • How to assess if the challenge is safe or potentially harmful, including considering who has generated the challenge and why • That it is okay to say no and to not take part in a challenge • How and where to go for help • The importance of telling an adult about challenges which include threats or secrecy – ‘chain letter’ style challenges 	<p>following curriculum area(s):</p> <ul style="list-style-type: none"> • Relationships education • Health education
Content which incites	<p>Knowing that violence can be incited online and escalate very quickly into offline violence.</p> <p>Teaching includes the following:</p> <ul style="list-style-type: none"> • That online content (sometimes gang related) can glamorise the possession of weapons and drugs • That to intentionally encourage or assist in an offence is also a criminal offence • How and where to get help if they are worried about involvement in violence 	<p>This risk or harm is covered in the following curriculum area(s):</p> <ul style="list-style-type: none"> • Relationships education
Fake profiles	<p>Not everyone online is who they say they are.</p> <p>Teaching includes the following:</p> <ul style="list-style-type: none"> • That, in some cases, profiles may be people posing as someone they are not or may be ‘bots’ • How to look out for fake profiles 	<p>This risk or harm is covered in the following curriculum area(s):</p> <ul style="list-style-type: none"> • Relationships education • Computing curriculum
Grooming	<p>Knowing about the different types of grooming and motivations for it, e.g. radicalisation, child sexual abuse and exploitation (CSAE) and gangs (county lines).</p> <p>Teaching includes the following:</p>	<p>This risk or harm is covered in the following curriculum area(s):</p>

	<ul style="list-style-type: none"> • Boundaries in friendships with peers, in families, and with others • Key indicators of grooming behaviour • The importance of disengaging from contact with suspected grooming and telling a trusted adult • How and where to report grooming both in school and to the police <p>At all stages, it is important to balance teaching pupils about making sensible decisions to stay safe whilst being clear it is never the fault of the child who is abused and why victim blaming is always wrong.</p>	<ul style="list-style-type: none"> • Relationships education
Live streaming	<p>Live streaming (showing a video of yourself in real-time online either privately or to a public audience) can be popular with children, but it carries a risk when carrying out and watching it.</p> <p>Teaching includes the following:</p> <ul style="list-style-type: none"> • What the risks of carrying out live streaming are, e.g. the potential for people to record livestreams and share the content • The importance of thinking carefully about who the audience might be and if pupils would be comfortable with whatever they are streaming being shared widely • That online behaviours should mirror offline behaviours and that this should be considered when making a livestream • That pupils should not feel pressured to do something online that they would not do offline • Why people sometimes do and say things online that they would never consider appropriate offline • The risk of watching videos that are being livestreamed, e.g. there is no way of knowing what will be shown next • The risks of grooming 	<p>This risk or harm is covered in the following curriculum area(s):</p> <ul style="list-style-type: none"> • Relationships education • Post COVID-19-school's use of Microsoft Teams

<p>Unsafe communication</p>	<p>Knowing different strategies for staying safe when communicating with others, especially people they do not know or have not met.</p> <p>Teaching includes the following:</p> <ul style="list-style-type: none"> • That communicating safely online and protecting your privacy and data is important, regardless of who you are communicating with • How to identify indicators of risk and unsafe communications • The risks associated with giving out addresses, phone numbers or email addresses to people pupils do not know, or arranging to meet someone they have not met before • What online consent is and how to develop strategies to confidently say no to both friends and strangers online 	<p>This risk or harm is covered in the following curriculum area(s):</p> <ul style="list-style-type: none"> • Relationships education • Computing curriculum
<p>Wellbeing</p>		
<p>Impact on confidence (including body confidence)</p>	<p>Knowing about the impact of comparisons to ‘unrealistic’ online images.</p> <p>Teaching includes the following:</p> <ul style="list-style-type: none"> • The issue of using image filters and digital enhancement • The role of social media influencers, including that they are paid to influence the behaviour of their followers • The issue of photo manipulation, including why people do it and how to look out for it 	<p>This risk or harm is covered in the following curriculum area(s):</p> <ul style="list-style-type: none"> • Computing curriculum
<p>Impact on quality of life, physical and mental health and relationships</p>	<p>Knowing how to identify when online behaviours stop being fun and begin to create anxiety, including that there needs to be a balance between time spent online and offline.</p> <p>Teaching includes the following:</p> <ul style="list-style-type: none"> • How to evaluate critically what pupils are doing online, why they are doing it and for how long (screen time) 	<p>This risk or harm is covered in the following curriculum area(s):</p> <ul style="list-style-type: none"> • Health education

	<ul style="list-style-type: none"> • How to consider quality vs. quantity of online activity • The need for pupils to consider if they are actually enjoying being online or just doing it out of habit due to peer pressure or the fear of missing out • That time spent online gives users less time to do other activities, which can lead some users to become physically inactive • The impact that excessive social media usage can have on levels of anxiety, depression and other mental health issues • That isolation and loneliness can affect pupils and that it is very important for them to discuss their feelings with an adult and seek support • Where to get help 	
Online vs. offline behaviours	<p>People can often behave differently online to how they would act face to face.</p> <p>Teaching includes the following:</p> <ul style="list-style-type: none"> • How and why people can often portray an exaggerated picture of their lives (especially online) and how that can lead to pressures around having perfect/curated lives • How and why people are unkind or hurtful online when they would not necessarily be unkind to someone face to face 	<p>This risk or harm is covered in the following curriculum area(s):</p> <ul style="list-style-type: none"> • Relationships education
Suicide, self-harm and eating disorders	<p>Pupils may raise topics including eating disorders, self-harm and suicide. Teachers must be aware of the risks of encouraging or making these seem a more viable option for pupils and should take care to avoid giving instructions or methods and avoid using language, videos and images.</p>
